Dear Friends:

Do you need help paying for college? Nowadays, many families can't afford to pay for college or career training. It doesn't have to be that way.

The state of California, through legislation passed in 2000 (Senate Bill 1644), guarantees Cal Grants to eligible high school seniors and recent high school graduates. Qualifying students who have the financial need, and meet minimum GPA requirements (beginning with a 2.0) are eligible to receive the financial help they need to pursue education beyond high school.

The best part is that Cal Grants are not loans and do not have to be repaid! The grant money can be used for tuition, fees, books and access costs at public or private two-year and four-year colleges and universities in California.

If you are not sure whether you qualify, apply anyway. Maximize your financial aid by applying for a Cal Grant by the March 2 deadline. Don't pass up thousands of dollars in free Cash for College.

You can get help completing required financial aid forms to apply for a Cal Grant at a Cash for College workshop in your community. High school seniors who attend a workshop and apply for a Cal Grant by the March 2 deadline could qualify for an extra \$1,000 scholarship, or more in some areas of the state, to be used at a qualifying institution next fall.

For more information on Cal Grants, or on any other state issue, please contact the district office at 510.577.2310.
